

RENDEZVOUS WITH THE COLOURS OF LIFE

As they say it is very true that, “Colours, like features, follow the changes of the emotions” and an artist traces down those instincts to create the flipside of what we call, the world. Incepted to support their celestial thoughts, VMAF (Vishnu Manchu Art Foundation) aims at abridging gap between prolific artists and aesthetes by acting as a conceptual platform. Greetings !!

Thank you for your interest in Vishnu Manchu Art Foundation. I never knew much about art until a decade ago. I start taking interest and I am still learning slowly. The main intention of starting this foundation is to bring into foray the artists, who give so much to the creative world and inspire generations. Also I wanted upcoming young artists to interact with the artists across India and abroad and learn from them. I wanted to create a platform and that is when I was suggested to start this foundation.

VMAF is to create a platform here ideas are shared, inspired and motivated. To showcase the world, the talent available and the wonderful, gifted artists of this generation and to educate young generation about Art and Artists. To give platform to young artists to showcase their work to legends in the field of Art and get tips from them. Just to hear them speak would mean a world of change to the young artists.

I thank you for your cooperation and support to VMAF.

Vishnu Manchu
